

Albertsons Companies supplier Avanti Frozen Foods issues a shrimp recall due to possible *Salmonella* contamination

Boise, ID, June 28, 2021 – Albertsons Companies (NYSE: ACI) announces removal of certain Waterfront Bistro shrimp cocktail rings with sauce, in cooperation with supplier Avanti Frozen Foods Pvt. Ltd.'s recall. The shrimp has the potential to be contaminated with *Salmonella*. Avanti Frozen Foods recall announcement can be found [here](#).

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The 16-ounce Waterfront Bistro shrimp cocktail ring with sauce was supplied by Avanti Frozen Foods and was available for purchase in California, New Mexico, and Texas from the following store banners: Albertsons, Vons, Pavilions, United, Amigos, Market Street, and Albertsons Market. Customers may have purchased the shrimp in stores, online for Drive Up and Go or grocery delivery.

The Waterfront Bistro shrimp cocktail ring comes in a 16-ounce container and includes a 4-ounce container of cocktail sauce. This is sold frozen. The round plastic container is clear on the top with a black bottom. The Waterfront Bistro logo is visible on the label in the center of the container which describes the product as cooked in shell, deveined shrimp cocktail with sauce. The affected product has a best before date of 10/30/2022 or 10/31/2022 and may have been purchased at one of the banners listed above beginning in January 2021.

The Waterfront Bistro shrimp cocktail rings being recalled bear the UPC code 21130 12627. The UPC code can be found on the bottom of the package below the barcode. Products not bearing best before dates of 10/30/2022 or 10/31/2022 are not affected by, or involved in, this recall.

To date there have not been any reports of *Salmonella*-related illness associated with Waterfront Bistro shrimp cocktail rings.

The potential for contamination was identified by the FDA based on its prior testing of frozen cooked shrimp imported by Avanti Frozen Foods that was found to contain *Salmonella*. Avanti Frozen Foods did not distribute and destroyed that prior shipment found to be violative. The company has taken preventative steps to eliminate the potential for future contamination.

Customers who have purchased this product are asked to discard or return it to the place of purchase for a refund. Consumers with questions may contact Relish Foods Inc., the broker

for Avanti Frozen Foods, at 1-888-200-4883. Customers can also contact Albertsons Companies at 1-877-723-3929.
